PROFESSIONAL SUMMARY

Enthusiastic and dedicated Software Developer Student pursuing BTEC IT Level 3 Extended Diploma in Information and Technology. Passionate about building robust software solutions and continuously expanding technical knowledge. Strong foundation in web development, programming concepts, and software testing methodologies. Detail-oriented learner committed to mastering best practices in full-stack development and delivering quality code.

EDUCATION

BTEC IT Level 3 Extended Diploma

Information and Technology

2024 - 2026

Key Modules & Competencies:

- ▶ Web Development (HTML5, CSS3, JavaScript, Bootstrap)
- ▶ Software Development & Programming (Python, code structure, design patterns)
- ▶ Database Design & Management (SQL, relational databases)
- ▶ Systems Development (software lifecycle, testing methodologies)
- ▶ IT Professional Practice & Security
- ▶ Client-Side Web Technologies & Interactive Development
- ▶ Server-Side Web Application Development

TECHNICAL SKILLS

Programming Languages & Web Development

HTML5 - Semantic Markup

CSS3 - Responsive Design

JavaScript - DOM Manipulation

Python - Backend Development

Bootstrap Framework

Responsive Web Design

Tools & Platforms

Git & GitHub - Version Control

VS Code - Code Editor

Database Design (SQL)

Software Testing

Agile Development Practices

Web Server Development

Soft Skills

Problem-Solving & Debugging

Team Collaboration

Time Management

Attention to Detail

Continuous Learning

Communication Skills

PROJECTS & PRACTICAL EXPERIENCE

Elle Steps - Elegant Ladies Shoes E-Commerce Website

Personal Portfolio Project

2026

Description: Developed a fully responsive e-commerce website showcasing a premium ladies' footwear collection. This project demonstrates proficiency in modern web development technologies and responsive design principles.

Technologies Used: HTML5, CSS3, Responsive Design, Bootstrap

Key Achievements:

- ▶ Implemented fully responsive layout working on mobile, tablet, and desktop
- ▶ Created professional product showcase with clean card-based design
- ▶ Developed smooth navigation and user-friendly interface
- ▶ Applied modern CSS styling with animations and hover effects
- ▶ Ensured cross-browser compatibility and semantic HTML structure

Personal Online Portfolio Website

Academic & Professional Development Project

2026

Description: Created a comprehensive personal portfolio website to showcase skills, education, and projects. The portfolio includes interactive features and professional branding.

Technologies Used: HTML5, CSS3, JavaScript, Bootstrap 5, Responsive Design

Key Achievements:

- ▶ Developed contact form with JavaScript validation and error handling
- ▶ Implemented smooth scrolling navigation and mobile menu toggle
- ▶ Designed professional aesthetic with consistent branding and color scheme
- ▶ Ensured 100% mobile responsiveness across all devices
- ▶ Created animated scroll effects and interactive hover states
- ▶ Integrated version control using Git and GitHub

COMPETENCIES & ACHIEVEMENTS

- ▶ **Web Development:** Strong proficiency in HTML5, CSS3, and JavaScript for building responsive and interactive websites
- ▶ **Software Testing:** Understanding of testing methodologies, debugging techniques, and quality assurance principles
- ▶ **Problem Solving:** Ability to analyze requirements, identify issues, and implement effective solutions
- ▶ **Code Quality:** Knowledge of clean code principles, naming conventions, and best practices
- ▶ **Version Control:** Proficient in Git and GitHub for managing project versions and collaboration
- ▶ **Database Fundamentals:** Understanding of relational databases, SQL queries, and data management
- ▶ **Learning Agility:** Demonstrated ability to quickly learn new technologies and apply them practically
- ▶ **Responsive Design:** Expert in creating mobile-first approaches and adapting designs for all screen sizes

CAREER OBJECTIVES

Seeking opportunities to further develop expertise in **full-stack web development** and **software testing**. Eager to work with experienced developers, contribute to real-world projects, and continuously improve technical skills. Committed to becoming a proficient Software Developer capable of designing and implementing robust, scalable applications that solve real-world problems. Interested in internship, training, or junior developer positions to gain practical industry experience.

ADDITIONAL INFORMATION

Languages

English (Proficient), Kinyarwanda (Native)

Interests & Current Focus Areas

- ▶ Full-Stack Web Application Development
- ▶ Software Quality Assurance & Testing
- ▶ UI/UX Design & User Experience
- ▶ Database Design & Optimization
- ▶ Cloud Technologies & Deployment
- ▶ Continuous Learning & Professional Development
